22. What's the most positive aspect of the project?

17 responses

The experience with the family and the host.

The assignments that we did in the classroom.

To make new friends and learn about using internet at school

Only everything what was the best in this project

Meeting new persons

Improving ICT and English skills. Meeting great people.

That we have had many opportunities to confront with the other guys and all have been very hospitable

To meet new people.

It was surely getting to know many people and their culture, and also sharing with them our costumes

My host family and making new friends but also the workshops were really helpful! I can't really pick one..

All.

Sharing experiences and the culture

Knew new people.

Meet different students.

To improve our language skills and meet new friends from another countries

23. Which of the activities done during this meeting did you like most and why?

18 responses

The creation of the whistle since it involved our creativity.

The aquarium. Because it was very beautiful.

Making your own Website, because It was a relay cool program to work with

For me everything what we do was really interesting and fun, because every time I knew something new.

The photo story with the flora because we spoke with specialists

Working in groups and using different apps. Because I think it was really interesting and it improved my speaking ability.

I liked the most the poster that we done and the 3d printer , because it was something new for me.

When we went to Sintra

When we saw a bit of Lisbon because I've never seen Lisbon before.

the whistle created by 3d printer because i had never seen a technology like that before and it was really interesting coming across such this things!

The sintra visit because we got the chance to see a little bit more of Portugal

Lisbon+sintra

All of the activities were very good

All of them because was interesting.

The posters, because I never used a Green Screen.

3D printer, because we don't see that usually that's why, and it was really cool to work whit the 3D printer

24. What would you suggest to include in the next meeting?

17 responses

To include more days of excursions

More trips and activities.

Maybe making a city Rally with the help of the Smartphones

More breaks because it was tiring

Everything was great!!

More sightseeing with all of the Erasmus group.

More organized tours

To make the workshops shorter.

activities more interesting, because most of them were too demanding and we did not have time to have fun in school

maybe more outdoor activities

That there are fewer workshops in the next project.

More shared leasure activities

To continue beeing friendly.

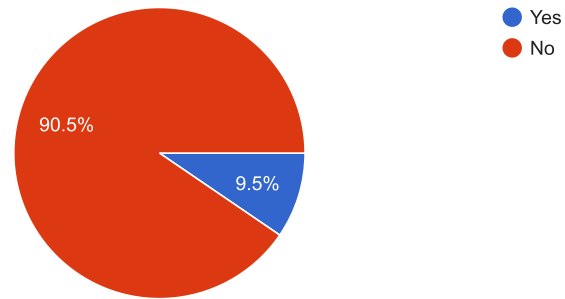

Make a game.

More types of food 😊
